## IN THE COURT OF THE ELECTION TRIBUNAL, VARANASI.

## ELECTION PETITION No. 221 OF 1962.

Shri Prabhu Narain Singh, a candidate for election to the House of People from 53 Chandsuli, Varanasi District, S/o. late Sri Pratap Narain Singh, r/o. Ck-62/77, Kashipura, Varanasi.—*Petitioner.*

*Versus.*

1. Sri Bal Krishna Singh s/o. Arjun Singh, r/o. Village Akoraha Kalan, Pargana Majhwar, District Varanasi.

2. Sri Moti Ram s/o. Raghunandan, r/o. Village Hinauta, Pargana Majhwar, Varanasi.

3. Sri Harihar s/o. Ram Badan Singh, r/o. Village Bhurkura, Pargana Kera, Varanasi.

The contesting candidates for the Lok Sabha other than the petitioner.—*Respondents.*

Whereas an application for leave to withdraw the Election Petition, No. 221 of 1962, Sri Prabhu Narain Singh Vs. Sri Bal Krishna Singh and others, pending before this Tribunal has been presented by the abovenamed petitioner under sub-section (1) of section 109 of the Representation of the People Act, 1951.

Now, therefore, the Election Tribunal in pursuance of the provisions of sub-section (2) of section 109 of the said Act, hereby publishes this notice along with a copy of the aforesaid application for leave to withdraw the Election Petition and fixes 23rd October, 1965 for the hearing of the aforesaid application at 10.30 A.M. on the said date or as soon thereafter as the business of the Tribunal may permit.

*Copy of application U/S 110 Representation of the People Act, 1951 for withdrawal of the Election Petition:*

The Petitioner begs to state as under:—

1. That the applicant-petitioner aforesaid is the only petitioner hence he is entitled to move the application for withdrawal of the petition.

2. That this application is moved without any inducement, bargain or consideration.

3. That the petition was filed in the year 1962 and the stage of issues has only been reached upto now and arguments on preliminary issues are being heard which are likely to take much time and thereafter the evidence will be adduced and which will certainly take even much more time and after the final arguments the aggrieved may go to the higher tribunal. Under these circumstances there is every likelihood that the petition may not be finally disposed off till the next General Elections to be held in the year 1967 and the whole purpose of the petition is sure to be frustrated in the aforesaid circumstances of the present petition.

4. That in view of the aforesaid facts it would be mere waste of public time and money to pursue the petition any more.

5. That when the petition is being withdrawn without any decision on merits it would not be proper and in the interest of justice that the petitioner is required to pay any costs.

*Prayer*

It is, therefore, prayed that the tribunal be pleased to grant this application for withdrawal of the petition and justice be done.

**INDUSTRY:** Coal Mining

**STATE:** Madhya Pradesh.

**AWARD**

1. The Central Government, by the Ministry of Labour and Employment's Order No. 1/17/64-III LR. II. dated 31st July, 1964, made in exercise of the powers conferred by clause (d) of sub-section 1 of section 10 of the Industrial Disputes Act, 1947, (Act XIV of 1947) was pleased to refer the industrial dispute between the parties above-named in respect of the subject matters specified in the following schedule to the said order, to me for adjudication:—

**SCHEDULE**

“Whether the workmen who are called upon to work on the weekly day of rest are entitled to any additional payment over and above the normal wages; if so, at what rate?”

2. After the reference was published in the Gazette, the Company filed a preliminary written statement dated 14th August, 1964, in which it raised two preliminary legal objections against the maintainability of this reference, viz., (a) that as there is a registered and recognised union functioning in the Colliery by the name of Rungta Mazdoor Sangh, and this dispute has not been raised by that Union, elected representatives of the workmen cannot raise the dispute, and therefore, this dispute is not an industrial dispute and the Tribunal has no jurisdiction to entertain the same, (b) even if it is held that the representatives of

the workers can raise an industrial dispute, it is submitted that the five elected representatives who have raised the dispute were not elected by the workers, and have not a substantial majority of the workmen to back the dispute. However, at the hearing no arguments were urged in support of these preliminary objections, and the dispute was argued on its merits.

3. The facts of the case are that the Rungta Colliery is situated at a distance of about four miles from Burhar, a small town in Shahdol district, where a market is held on every Wednesday of the week. It is admitted that Wednesday is a weekly day of rest in the Rungta Colliery. The present dispute concerns the workmen who are called for work on the weekly day of rest, i.e., on Wednesdays. Their number is in dispute, as the Union claims that there are about 41 workmen who work on the weekly day of rest, whilst the Company maintains that it employs only about 10 to 11 workmen on Wednesdays and their particulars were stated at the hearing to be as follows:—

<i>Number of Workmen.</i>	<i>Designation</i>
1	Pump Khalassi
2	Boilermen.
3	Workmen on tracks.
2 or 3	Fitter Mazdoors.
10 or 11	

5. It is, however, admitted that there is only one general shift on the weekly day of rest, i.e., Wednesday, between 7 A.M. and 3 P.M. The Union has led no evidence, either written or oral, on the disputed point of the number of workmen employed on the weekly day of rest.

6. The Union claims that these workmen who work on the weekly day of rest are entitled to payment at double the rate of their wages for having to work on the general weekly day of rest. The only ground urged in support of this claim is that by having to work on the weekly day of rest, these workers miss the facility of making purchases at the weekly bazar held on Wednesday at Burhar where, commodities are available at cheaper rates than at which they are available on the other days of the week, or to use the language of the Union, "as on the other days of the week prices of essential commodities are usually high which the workers cannot afford". The Union's contention is that Wednesday has been fixed as the weekly day of rest in this Colliery following the general practice in the coal mines in this area of fixing the weekly day of rest on the market day in the area. It is admitted that the workmen who have to work on Wednesdays work on the only shift on that day, which is from 7 A.M. to 3 P.M. and that there is no rotation of the shift on Wednesdays. The Union, in its written statement, has urged that the Burhar and Amlai Collieries of Messrs Shaw Wallace and Co., pay their workmen who are made to work on the weekly day of rest, which is Sunday, at 1½ times their normal rates of wages. Shri Gulab Gupta, appearing for the workmen, has also drawn attention to a recent amendment to the Mines Act, by which payment for overtime has to be made at double the rate of pay, but the present claim for double the rate of pay is not based on the ground of overtime working on Wednesdays. Besides, it is also admitted that these workmen get another compensatory day off in the week, for having to work on the weekly day of rest in the Colliery.

7. Since the Union has based its claim for extra wages, solely on the ground that the workmen deserve to be compensated because they miss the benefit of making their weekly purchases at cheaper rates from the weekly market held at Burhar on each Wednesday, it is necessary to see whether the Union has been able to discharge the onus of establishing this ground, which, undoubtedly, is upon it.

8. The Company, in opposing the demand, has pointed out that the Sunday market at Dhanpuri is as good as the Bazar Market on Wednesdays at Burhar; that, besides, there is a small weekly market at Rungta itself on Tuesdays, and it has further stated that the farmers and other vendors who go to sell their food-stuffs and goods in the Burhar market mostly go there from the Kotma side and pass by the Rungta Colliery, when the workmen generally purchase the required food-stuffs from them and have not to go to the market at Burhar for their

purchases. According to the management, the bazar held at Dhanpuri on Sundays is only at a distance of one mile from the Rungta Colliery, and the food-grains merchants and other vendors who carry their goods to the Dhanpuri market, also pass by the Rungta Colliery, when the workmen have the chance to make their purchases. The Company has further pointed out that there is cooperative store at the Colliery, where essential commodities are available at a cheaper rate than at the Bazar day at Burhar or Dhanpuri. But what is more important is that it is admitted that the market at Burhar continues up till 6 P.M. on every Wednesday, and that as the general shift in which these workmen work on Wednesdays gets over by 3 P.M., they have sufficient time, if they are so inclined, to reach Burhar to make their purchases at the bazar, which the employers stated is at its peak between 4 and 6 P.M. It has, therefore, submitted that since these workmen who work on Wednesdays get a compensatory day off on another day in the week, there is no case made out for grant of any additional payment over and above their normal wages, for working on the weekly day of rest, much less so from 1960 onwards, as claimed by the Union.

9. In this case, the Union has led no evidence barring filing two documents. The first is a list of the market days and rest days in the various collieries of Vindhya Pradesh and Korea Coal-fields of Madhya Pradesh, to show that the rest days co-incide with the market days of the locality (Ex. W1). The second is the copy of the Conciliation Failure Report, which contains no pertinent information in support of the grounds on which this claim for extra pay is founded.

10. The management has accepted the particulars of the Union's statement (Ex. W1) to be correct as regards the first five out of the ten collieries mentioned in that list. There is, however, common knowledge to anyone familiar with conditions in coal-mines, that usually the weekly day of rest co-incides with the weekly market day in the neighbourhood. But the point in this case is whether the workmen have a genuine ground for asking for additional pay for being made to work in the general shift from 7 A.M. to 3 P.M. on Wednesday, which is the general market day at Burhar, which, place according to the Union, is 4 miles. and according to the management, only 3 miles away from the Rungta Colliery. The Union has relied upon my Award dated 12th January, 1962, in the dispute between the employers in relation to the Pure Chirimiri Colliery and its workmen in Ref. No. C.G.I.T. 29 of 1961, but the facts of the case were different. Here, it seems to me that with the admitted facility of a market not very far from this Colliery at Dhanpuri on Sundays, with a small market at the Colliery itself on Tuesdays, and with the facility of a co-operative store as also the chance of these workmen, if they are so inclined, to avail themselves of the opportunity of doing their marketing at the Burhar bazar itself on the weekly day of rest, i.e., Wednesday, because their shift gets over by 3 P.M. and the market admittedly continues until 6 P.M. and in the absence of any evidence to corroborate the statements made by the Union, the Union, in my opinion, has not on the merits made out any case in justification of its demand, much less for the same being granted retrospectively from March 1960. In the result, on the facts and circumstances of the case, I hold that the workmen who are called upon to work at the S.C. Rungta Colliery on the weekly day of rest are not entitled to any additional payment over and above their normal wages. The demand is therefore rejected.

11. No order as to costs.
